SalesPilot CRM

User Guide & Documentation

Live App: https://salespilot-crm.vercel.app

Try It Now — Demo Organization

You can log in instantly with a pre-seeded demo organization (**Acme Corp**) without registering:

Role	Email	Password
Admin	sarah@acmecorp.com	Admin@123
Employee	james@acmecorp.com	Employee@123

> ***Or create your own organization*** *— click "Get started" on the login page, fill in your details and a new organization name.*

Getting Started

Option A — Use the Demo Organization

1. Go to https://salespilot-crm.vercel.app
2. Click **Sign in**
3. Enter `sarah@acmecorp.com` / `Admin@123` for Admin access
4. Or enter `james@acmecorp.com` / `Employee@123` for Employee access

Option B — Create Your Own Organization

1. Go to https://salespilot-crm.vercel.app
2. Click **Get started**
3. Fill in your name, email, password
4. Enter a unique **Organization Name**
5. Submit — you'll be logged in as Admin automatically

Option C — Join an Existing Organization

1. Ask your Admin to share the **Invite Code** (visible in Company Settings)
2. Go to **Get started** → toggle "Join existing organization"
3. Enter your details and the invite code

Dashboard

Admin Dashboard

After logging in as Admin, the dashboard shows:

- **Total Leads** — number of all leads in your organization
- **Won Deals** — number of leads marked as Won
- **Total Revenue** — sum of deal values from Won leads
- **Conversion Rate** — percentage of leads that became Won
- **Monthly Revenue Chart** — bar chart of revenue by month
- **Lead Status Breakdown** — visual distribution of pipeline stages
- **Recent Leads** — last 5 leads added

Employee Dashboard

- Personal welcome card with your name and profile photo
- Quick links to **My Leads** and **My Tasks**

Leads

Leads represent potential customers or deals you are tracking.

Creating a Lead

1. Go to **Leads** in the sidebar
2. Click **New Lead**
3. Fill in the form:

Field	Description
Name	Contact person's full name

Company	Company or business name
Email	Contact email
Phone	Contact phone number
Deal Value	Expected value of the deal (₹ or $)
Source	Where this lead came from (Website, Referral, etc.)
Status	Current stage in the pipeline
Assigned To	Team member responsible for this lead

4. Click **Save**

Lead Pipeline Statuses

Status	Meaning
New	Just added, not yet contacted
Contacted	Initial contact made
Qualified	Confirmed as a valid opportunity
Won	Deal closed successfully
Lost	Deal did not go through

Managing Leads

- **Search** — type in the search box to filter by name, email, or company
- **Filter by status** — click any status tab to filter the list
- **Edit** — click the edit icon on any lead row
- **Export CSV** — download all leads as a spreadsheet (Admin only)
- **Delete** — permanently removes the lead along with all its notes and tasks (Admin only)

Employee Restriction

Employees can only see leads that are **assigned to them**.

Lead Details

Click any lead name to open the full detail page.

What You'll See

- Lead's full information with a color-coded status indicator
- Action buttons for outreach
- Notes history
- AI Insight panel

Outreach Actions

- **WhatsApp** — opens WhatsApp Web with a pre-written introduction message to the lead's phone number
- **Email** — opens your mail client with a pre-filled subject line and message body

Editing a Lead

Click the **Edit** button on the detail page to update any field. Click **Save** to apply changes.

Notes

Notes let you log calls, meetings, and updates against a lead.

- Click **Add Note** and type your note
- Notes are timestamped and show the author's profile photo
- Any team member with access to the lead can add notes
- Notes can be deleted by clicking the trash icon

AI Lead Insight

Click **Generate Insight** to get an AI-powered analysis of the lead based on its notes and deal value:

- **Lead Score** (0–100) — overall quality rating
- **Closing Probability** — percentage chance of winning
- **Next Action** — suggested step to move the deal forward
- **Risk Factors** — things that could prevent the deal from closing

---

Tasks

Tasks are action items for your team, optionally linked to a lead.

Creating a Task

1. Go to **Tasks** in the sidebar
2. Click **New Task**
3. Fill in:

Field	Description
Title	What needs to be done
Description	Optional details
Lead	Link to a lead (optional)
Assigned To	Team member responsible
Due Date	When it should be completed
Priority	Low / Medium / High

4. Click **Save**

Managing Tasks

- **Mark complete** — click the checkbox to toggle a task between Pending and Completed
- **Filter** — filter by status (Pending / Completed) or priority
- **Delete** — remove a task permanently

Employee Restriction

Employees only see tasks **assigned to them**.

Team Management

Access via the **Team** page in the sidebar.

Admin Capabilities

Action	How
View all members	See name, role, status, join date, profile photo
Edit a member	Click edit icon → change name, email, or role
Reset password	Edit modal → set a new password for any member
Deactivate	Toggle active status → deactivated users cannot log in

Reactivate	Toggle active status back to active
Remove member	Click remove → permanently removes from organization

Invite New Members

1. Go to **Company Settings** (building icon in top-right navbar)
2. Copy the **Invite Code**
3. Share it with the person you want to invite
4. They register with that code to join your organization

Employee View

Employees can view the team list but cannot make any changes.

Profile Settings

Click your **name or avatar** in the top-right navbar to open Profile Settings.

What You Can Update

Setting	Notes
Display Name	Your name shown throughout the app
Email Address	Used for login
Profile Photo	Upload any image — shown in sidebar, notes, team page
Password	Requires entering your current password first

Company Settings

Click the **building icon** in the top-right navbar. Only visible to Admins.

What You Can Update

Setting	Notes
Organization Name	Your company's display name
Industry	Type of business

Website	Company website URL
Company Logo	Shown in the sidebar overlapping the SalesPilot icon
Invite Code	Copy and share this to invite team members

Forgot Password

If you forget your password:

1. Go to the login page → click **Forgot password?**
2. Enter your registered email address
3. Click **Send OTP** — a 6-digit code is sent to your email
4. Enter the OTP and your new password
5. Click **Reset Password** — you'll be redirected to login

> *OTP expires in **10 minutes**. If it expires, go back and request a new one.*

Role Permissions

Feature	Admin	Employee
View all leads	Yes	Own leads only
Create leads	Yes	Yes
Delete leads	Yes	No
Assign leads to others	Yes	No
Export leads to CSV	Yes	No
View analytics dashboard	Yes	No
Manage team members	Yes	No
Edit organization profile	Yes	No
View team list	Yes	Yes (read-only)
Add and delete notes	Yes	Yes
Create and manage tasks	Yes	Yes (own tasks only)

AI lead insight	Yes	Yes
Update own profile	Yes	Yes

Notifications

The app shows toast notifications for all actions:

- **Green** — action was successful (lead created, task saved, etc.)
- **Red** — something went wrong (shows the exact error from the server)
- **Blue** — informational (invite code copied, CSV exported)

Frequently Asked Questions

Can I have multiple organizations? Each email can only belong to one organization. To join a different one, you'd need to register with a different email.

What happens when a lead is deleted? All notes and tasks linked to that lead are also permanently deleted.

Can an Employee create leads? Yes. But they can only view leads that are assigned to them.

Can I change my role from Employee to Admin? Only an existing Admin can change your role via the Team page.

What if I don't have the OTP email configured? Registration still works — the OTP step is skipped. For password reset, ask your Admin to reset your password from the Team page.

Is my data shared between organizations? No. Every organization's data is completely isolated. No cross-tenant access is possible.
